

International Chess

Edward Yang

We offer two chess classes, fundamental and advanced classes. The fundamental one is for beginners who do not know much about chess and want to learn basic opening, defense, and game strategies. The advanced class is ideal for those who already know how to play chess but need to sharpen their skills. Our goal is to build up players' creative thinking skills such as why the opponent moves a piece, what is my strategy to attack et al so that they can apply those strategies to win.

我们开设两个国际象棋班，基础班和提高班。基础班主要面对那些没有下过国际象棋或有限的知识和经验。这个班主要教授象棋的基本知识，开局，布局和策略。提高班针对那些已经具有基本象棋知识而且会一些策略下棋的学生。这个班的目的是帮助学生建立创造性思维来如何思考对手的策略和自己的应对措施，从而赢得胜利。
