

Seventh Grade

This course welcomes anyone with a foundation in elementary mathematics (grades 1-6) and all those who are excited to prepare themselves for Algebra. The course uses the Spectrum Math series 7 to introduce the basic pre-algebra math facts and concepts. Spectrum Math series books are developed by the experts in the field and are correlated with the State Core Standards. Along with the questions this class will strengthen the student's understanding of pre-Algebra concepts while enhancing their problem-solving proficiency over the course of the year. The course ultimately is to help students build up and enrich foundational skills to best ensure their success in future classes such as Algebra.

At the beginning of the academic year, the teacher may have a pre-test to assess the students' math levels and adjust teaching contents accordingly.

Grade 7 Curriculum

- 1-Adding and Subtracting Rational Numbers
- 2-Multiplying and Dividing Rational Numbers
- 3-Expressions, Equations, and Inequalities
- 4-Ratios and Proportional Relationships
- 5-Geometry
- 6-Statistics
- 7-Probability

■ 七年级数学强化班

七年级数学课程的设置在教学内容上与康州公立学校同年级数学课程接轨，适合于已掌握1-6年级基础数学知识开始学习pre-Algebra的学生。老师并不教授比康州公立学校同年级数学课更多的数学概念，而是以强化练习的方式，辅导学生解习更多的数学题，以辅为教，以练为主，提高学生计算的速度和准确性，增强学生解决数学问题的信心和技巧，为将来学好Algebra打下坚实的基础。七年级数学课程采用Spectrum Math™ 7 做为教科书。该套教科书系由美国多位数学教育专家编纂而成，对应康州州教育核心标准。

在学年开始时，教师可能会进行预测试，以评估学生的数学水平并相应地调整教学内容。
