

Introduction to Competition Math

This introductory mathematics course prepares students for the world of competition math, through units on topics including Geometry, Algebra, Number Theory, and Probability. The course focuses on instilling the critical thinking skills required to solve the tricky math problems found in various math competitions, such as Math Olympiads, Mathcounts, and the American Mathematics Competitions (AMC).

奥数兴趣班/ Introduction to Competition Math 奥数兴趣班旨在激发小学生（主要针对三至五年级）学习兴趣，扩展数学学习知识，促进学生思维能力的发展，建立自信心，培养创新和自我超越的奥林匹克竞赛精神，为对数学有兴趣的学生提供更好发展提高的机会。每个星期学生探索不同的数学题目的深度和实践非例行赛题。选定的主题包括初等数论，模式，因素和倍数，整除，分数，几何形状和测量和逻辑。
